Attention: BCMMB

Re: Draft Amending Order For Consultation

Island Milk Producers Organization (IMPO) support the draft “as written” but do have a few concerns regarding specifically the lack of detail in stating how much time would be given to a producer to correct an issue before penalties would be enforced.

Also, IMPO would like to know exactly what kind of infractions would constitute the suspension or cancelation of one’s license.

We understand that the BCMMB will still include producers an opportunity to provide feedback regarding these issues at a later date.

Please clarify if this opportunity will be available for producers.

We look forward to further consultation with the BCMMB and the opportunity to provide more consolidated, producer feedback. Thank you.
