RE: Amending Order; Mandatory Code of Practice for the Care and Handling of Dairy Cattle On-Farm

On behalf of the BCDA board, we support the changes to the Amending Order as outlined in the September 4, 2014 Industry Notice.

We look forward to further consultations on the development and implementation of protocols that would result in the suspension or cancellation of producer license as well as the penalty structure around animal welfare and how those protocols would be applied.

Sincerely,

Dave Taylor
