**The BCMMB pleased to announce Ben Janzen's Reappointment as Chair**

The BC Milk Marketing Board is pleased to announce that Ben Janzen has been reappointed as Chair of the BC Milk Marketing Board for an additional two-year term.

On the occasion of his reappointment, Ben wanted to thank the Board and staff for their hard work and dedication. He also wanted to share the following thoughts:

We need to acknowledge all the industry stakeholders and the good working relationships we have with them. We look forward to continuing to work with them, including the BC Dairy Association (BCDA) and the regional producer organizations, the processors and the Western Dairy Council.

The Board works together with our Western Milk Pool (WMP) partners and national dairy organizations to support, promote and enhance the dairy industry provincially and nationally for the benefit of all stakeholders: consumers, producers, processors and government.

In addition, Ben continues to work as a chicken grower and hatching egg producer in Yarrow, BC. He is a former dairy producer, who served as an elected member of the BC Milk Marketing Board from 1996 to 2012.

The reappointment, by Order in Council, is for a two-year term, effective July 31, 2018 to July 31, 2020.
